Board of Selectmen:
Town of Gorham
Gorham, Maine

Gentlemen:

Pursuant to your request, we have examined the Books and Records that were available of the Town of Gorham, Maine, for the Year Ended February 4, 1957 and submit herewith the following Exhibits and Schedules reflecting the results of the operations of the various Appropriation and Revenue Accounts and Exhibit of the Financial Condition of the Town at February 4, 1957:

Exhibit "A" Financial Condition at February 4,
1957

Exhibit "B" Treasurer's Report

Exhibit "C" Valuation and Commitment to Collector

Exhibit "D" Appropriations, Revenues and Expenditures

Exhibit "E" Analysis of Surplus

Exhibit "F" Reconciliation of Bank Balance

Exhibit "G" Treasurer's Receipts and Disbursements and correction of each

Exhibit "H" Cash Shortage — 1955 and Cash
Shortage — 1956

Schedule I through IV Taxes Receivable

Schedule V through VIII Tax Deeds

Schedule IX Cemetery Trust Funds

Schedule X Special Trust Funds

A detailed examination of the Records of the Selectmen, Treasurer and Collector of the Town was made by us.

All Warrants were examined and found to be properly approved and to have been correctly charged to the proper Department or Appropriation Account, with very few exceptions.

Correction of errors on Treasurer's Receipts is set forth on Exhibit "G". This Exhibit also shows corrections made in the amount of checks issued by Treasurer.

All Receipts that were available, issued by the Tax Collector were examined by us and checked to Assessor's Valuation Book, but as no Tax Collector's Record was available showing the monies he had received in payment of 1956 Taxes, we, therefore, must qualify the amount shown as 1956 Taxes Receivable on the Balance Sheet, as we did not verify these unpaid taxes by direct confirmation. Therefore, this list of Unpaid 1956 Taxes may be subject to errors and omissions.

Excise Tax Receipts for 1956 and 1957 that were available were examined by us and errors and omissions made by the Collector were corrected.

The Treasurer's and Collector's Records were in very poor condition. The records that were salvaged from the fire were either scorched or water-soaked

and blurred. Some were damaged beyond usefulness and others apparently totally destroyed.

As an example of the laxity in the proper handling of the Town's Funds and Records by the Treasurer—from February 25 through June 4, 1956, only one deposit of \$7,689.77 on March 23rd was made during this three and one-half month period—and then on June 5th, the Treasurer was advised by the Bank that the Town's Checking account was overdrawn in the amount of \$18,463.17, which situation could have been avoided if proper records had been maintained.

Approximately two-thirds of the Cancelled Checks and Bank Statements were destroyed by the fire on February 3, 1957.

With the exception of the amount shown on the Balance Sheet, Exhibit "A", as 1956 Taxes Receivable, we believe the Statement of Financial Condition fairly accurately reflects the Financial Condition of the Town at February 4, 1957.

Respectfully Submitted:

FELLIOS AND HOYT
